

**Sehome High School
STUDENT LEARNING CENTER!
Mondays-Thursdays 2:30 to 4:30
Sehome Library**

The center offers:

- A quiet, supervised environment to study
- An opportunity to complete homework BEFORE students get home
- Access to tutors
- A one on one tutor match
- A supported team approach between: Students, Parents, Teachers, Tutors, Learning Center Coordinator

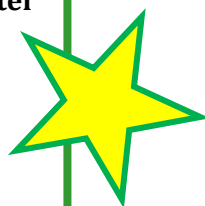

This is a drop in center. Students can stay for a few minutes to get questions answered or for two hours. It is modeled after college tutoring centers. Students will be treated as young adults and allowed to take ownership of their own learning, accessing the help they need.

Tutoring is offered daily to students who are receptive to the support. We always have a percentage of students who come to the center and refuse to engage with a tutor when struggling with a class/and or classes.

A more hands-on approach is available to you via our Parent/Student Contract. The parent and student set goals of Learning Center attendance together. The Learning Center Coordinator will gather assignments and outreach to classroom teachers in support of your contract.

The completed contract can be delivered to the center on your student's first day, dropped off at the main office, or sent to the coordinator ...contact info below:
